Products offering a bonus may offer lower credited interest rates, participation rates, index caps, and/or higher index spreads than products not offering a bonus. Over time, and under certain circumstances, the amount of the bonus may be more than offset by the lower credited interest rates, participation rates, index caps, and/or higher index spreads. Please note that the likelihood of obtaining value from the ING IncomeProtector Withdrawal Benefit rider decreases as issue ages increase. In order for owners issue age 75 & above to benefit from this rider, the interest credited to the client's accumulation value must be significantly less than expected based on historic averages. Depending on the client's issue age & the interest credited to the client's accumulation value, deferring their payment stream may significantly reduce the likelihood of obtaining value from the ING IncomeProtector Withdrawal Benefit.
